Q6: Do you support nurse practitioner being a broad generic scope of practice (like registered nurse and enrolled nurse) and the removal of the requirement for registration to be restricted to a specific area of practice?

No,
Please give your reasons
The public currently understand the medical model and the nurse practitioner role should reflect this model.

Q7: Do you support the focus on leadership within clinical practice in the new proposed scope of practice statement?

Yes

Q8: Do you agree with the inclusion of advanced nursing skills and knowledge in the proposed new scope of practice?

Yes

Q9: Do you agree with the proposed new scope of practice for nurse practitioner?

Yes

Q10: Do you support a dedicated Masters programme with a broad focus for nurse practitioner preparation?

Please give your reasons
This alre

Q11: Do you support the Council specifying clinical learning time within the programme for nurse practitioners?

Yes

Q12: How much clinical learning time should be included in the programme in addition to the prescribing practicum (a minimum of 150 hours)?

Respondent skipped this question

Q13: Do you think that a student must have employer support to complete a practicum with supernumerary hours?

Respondent skipped this question

Q14: What other requirements for the clinical learning hours should be specified by the Council e.g. mentor criteria, setting, competence or other assessments?

Respondent skipped this question

Q15: Do you think the Postgraduate diploma in registered nurse prescribing for long term and common conditions should be a pre-requisite for nurse practitioner programmes?

Respondent skipped this question
